DETAILED ACTION

Claims 1, 7 and 11-14 are currently pending in the instant application. Applicants have cancelled claims 2-6, 8, 9 and 15 in an amendment filed on September 20, 2007.

I. *Response to Arguments*

Applicants' amendments, filed on September 20, 2007, have overcome the following rejection(s) and objection: the rejection of claims 13-15 under 35 USC 112, second paragraph as being indefinite and the objection of claims 1-9 and 13-15 as containing non-elected subject matter. The above rejection and objection have been withdrawn. The Examiner has rejoined withdrawn claims 10-12 for examination.

II. *Rejection(s)*

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, ring B in formula VII is not defined in the claim and it is unclear the subject matter that is embraced by formula VII.

Claims 11 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, the terms "organic or inorganic, high or

low molecular weight material. It is unclear from searching the original disclosure what the metes and bounds are of the terms low molecular weight or high molecular weight materials. Applicants are suggested to delete the terms or cancel the claims.

III. Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
